

**Water is the most neglected nutrient in our diet but one of the most vital**

*Test your drinking water with :* **TelLab** 

**TelLab** 

is an INAB accredited  
laboratory 

**We are independently  
owned and have no  
vested interest in the  
results of your analysis**

# Many people will not drink their tap water. Why?

Common Problems:	Probable Cause:	Probable Effect:
<ul style="list-style-type: none"> <li>• A change in the odour or taste of my drinking water</li> </ul>	<ul style="list-style-type: none"> <li>• Contamination from another source</li> </ul>	<ul style="list-style-type: none"> <li>• Illness , Visits to the GP</li> </ul>
<ul style="list-style-type: none"> <li>• Leaking copper fittings</li> <li>• Having to replace dishwasher/copper heating cylinder</li> </ul>	<ul style="list-style-type: none"> <li>• Corrosive water</li> </ul>	<ul style="list-style-type: none"> <li>• Plumbing and appliance costs</li> </ul>
<ul style="list-style-type: none"> <li>• Discolouration of hair or laundry</li> </ul>	<ul style="list-style-type: none"> <li>• Elevated metals</li> </ul>	<ul style="list-style-type: none"> <li>• Nuisance value</li> </ul>
<ul style="list-style-type: none"> <li>• Green/blue stains on sanitary ware</li> </ul>	<ul style="list-style-type: none"> <li>• Elevated metals</li> </ul>	<ul style="list-style-type: none"> <li>• Nuisance value</li> </ul>
<ul style="list-style-type: none"> <li>• Health issues               <ul style="list-style-type: none"> <li>- Upset tummies</li> <li>- Diarrhoea</li> <li>- Blue babies syndrome</li> <li>- High blood pressure</li> <li>- Heart conditions</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>• Microbiological contamination</li> <li>• Incorrect treatment systems</li> <li>• Elevated ions</li> </ul>	<ul style="list-style-type: none"> <li>• Illness , Visits to the GP</li> </ul>

*The quality of your water has a huge impact on your family*

**You could make financial savings from not buying bottled water.**

# How do I organise to get **my water tested?**

Follow these 4 easy steps:

1. **Contact T. E. Laboratories Ltd to collect a set of sample bottles. Bottles can be posted out if required. Alternatively one of our service engineers can call and collect your samples.**
2. **Follow the simple sampling instructions to ensure your samples are taken correctly.**
3. **Return samples directly to the laboratory or we can organise our service engineer to collect them by prior arrangement.**
4. **Results are available within 12 working days.**

Prices available on request.
